

APR 9 1947

MEMORANDUM FOR THE ASSISTANT DIRECTOR, ORE  
ASSISTANT DIRECTOR, OCD  
ASSISTANT DIRECTOR, OO  
ASSISTANT DIRECTOR, OSO  
CHAIRMAN, JRDB

Subject: National Scientific Intelligence Requirements Program

Reference: (a) Proposed CIG Directive circulated to IAB Agencies, JRDB and within CIG on 10 February 1947 as result of ad hoc Committee meeting on Intelligence related to Guided Missiles.

Enclosures: (A) Copy of Memo from DCI to the Directors of War, Naval and Air Intelligence.  
(B) Copy of JRDB 49/2 of 10 January 1947.

1. Reference (a) was circulated as noted above in order to promote the formalization of a plan to coordinate the activities of all departments concerned in this field.

2. Comments were requested from the addressees on reference (a) and replies received indicated in some cases approval with minor changes and in other cases wide variance with the proposed procedure.

3. However, in the interim, further study of the problem has revealed the fact that it will be necessary to elaborate only slightly on the relationship and structure of the present coordination between JRDB - CIG (as set forth in enclosure (B)) and the IAB agencies, and also that the program should be enlarged in scope to include the entire scientific intelligence field.

4. Enclosure (A) is therefore being circulated within CIG and to JRDB to advise those interested offices of the intended procedure to effect the activation of this program with the minimum of delay.

FOR THE DIRECTOR OF CENTRAL INTELLIGENCE:

NOTED BY:

*[Handwritten signatures and initials over a series of horizontal lines]*

*[Redacted]*  
COLONEL, F.A.  
ASSISTANT EXECUTIVE DIRECTOR
